### NATIVE HABITAT & FOOD PLOT ESTABLISHMENT AND MANAGEMENT CONTRACTORS & SOURCES LIST

*Last Updated: 4/2019*

The establishment and management of native prairie grasses & wildflowers, and wildlife food & habitat plots requires equipment, products and services that may be hard to locate, or not readily available to some landowners. The chart below lists services and products that may be needed to establish and maintain these habitats.

Review the chart for the type of service(s) and/or product(s) you are looking for, then refer to the list on the back of this sheet for a list of contractors and sources of these services and products. The numbers in the Contractors and Sources columns of the chart correspond to the numbers on the list on the back.

This list has been prepared for INFORMATION ONLY, and is not intended to imply endorsement by the Conservation District of the contractors and sources listed. No discrimination is intended by omission and no reliability is implied by inclusion on the list. Additions and corrections to this list are encouraged and should be directed to the Conservation District.
